Dear Mr JONES,

RE: Stobart Rail Komatsu Hydraulic Excavator die-cast metal replica.

I would like to thank you for placing an order for the new and exclusive Stobart Rail Komatsu Hydraulic Excavator die-cast replica and to welcome you as a customer of Atlas Editions. I hope that you have had time to appreciate your officially licensed Stobart Rail Komatsu Excavator die-cast metal replica in detail and that you are enjoying it. We are unfortunately experiencing a delay with the production of the next *World of Stobart* replica, the Stobart Rail Scania Low Loader. As we always want to ensure our products are of the highest quality we have decided to delay the issue of the rest of this collection until we have everything perfect.

We know you must be disappointed and as a token of our regret please find enclosed a gift from Atlas Editions.

Thank you once again for your understanding on this matter. As soon as we have any further news we will of course let you know.

Yours sincerely,

A handwritten signature in black ink, appearing to read "Ian Fitzgerald".
